Systems Engineer with over 5 years of experience in BackEnd development using cutting edge technologies such as .NET, SQL Server and Azure cloud, with experience in diverse areas of technology including infrastructure design, architecture, Pentesting and DevOps, held the role of Azure Cloud Architect for over 2 years.

In my role as a technical leader, I have guided teams and overseen a variety of critical tasks throughout the project lifecycle, from software architecture to requirements management and quality assurance, through a focus on continuous improvement and the
ability to select the right tools, contributing to the implementation of efficient and scalable technology solutions.

Work experience

2022-03 - 2024-08

Azure Cloud Architect

Sinapsis, Medellín

In my role as an Azure Cloud Architect, I was responsible for designing and implementing scalable and resilient cloud architectures using technologies such as .NET, SQL Server, clean architectures, design patterns, and Docker. Additionally, I led process automation by implementing CI/CD pipelines in Azure DevOps, improving efficiency and ensuring compliance with necessary cybersecurity standards. I also successfully optimized costs by applying FinOps principles. I worked closely with the technical team at the IDB, ensuring the success of the projects.

2019-06 - 2022-03

BackEnd Developer

Sinapsis, Medellín

In my experience as a BackEnd Developer, I have worked on projects for the Inter-American Development Bank (IDB), where I have used technologies such as .NET and SQL Server. My responsibilities covered the design, development and maintenance of systems and applications in the BackEnd, focusing on ensuring efficiency and code quality. In addition, I worked closely with the development team to achieve a smooth integration with the FrontEnd.

Education

2015-07 - 2019-11

Engineering, Systems Engineer

Institución Universitaria de Envigado, Envigado

Certificates

2022-08   **Microsoft Certified: Azure Fundamentals**

2023-06   **Microsoft Certified: Azure Security Compliance**

2019-12   **CCNA R&S: Introduction to Networks**

2019-12   **CCNA R&S: Routing and Switching Essentials**

2019-12   **CCNA R&S: Scaling Networks**

2019-12   **CCNA R&S: Connecting Networks**
